

Hello and welcome to August. It is very hot this month. Please do not leave your child in the car for even a moment in this heat. A baby in Fremont died this week as the Dad forgot he was in the car. On a happier note we are back from our vacation and we had an awesome time. We will be playing outside every morning to get our fresh air needs met. We will have our end of Summer party in Sept. this year, we will invite Christopher to come back for this day. Korbin left last month as they sold their home and Chris is on his way to preschool in Oakdale, we will miss them and invite them back for our party

Please remember to keep your children watered and hydrated for the upcoming HOT month.
